### SARECKY IS AGAIN ON STAND

**Witness Admits Drawing \$4,000 Per Year Salary From State**

**NEVER BEEN AT OFFICE**

**Destroyed Check Books, Check Stubs and Memorandum in Connection With Sulzer Campaign Contributions.**

(Associated Press Telegram)  
Albany, N. Y., Oct. 8.—Louis A. Sarecky, Governor Sulzer's campaign secretary, resumed the witness stand for further cross-examination today at the impeachment trial of the governor. Counsel for the board of managers intimated this morning that they might take some action against Sarecky for his technical forgery of the governor's name to certain checks and letters. But Sulzer never has objected to Sarecky signing checks and letters on the account, and as he, if anybody, was the loser by Sarecky's transactions, friends of the former secretary made light of the veiled threat of the counsel for the board. They declared that any action against Sarecky would have to originate with Sulzer.

It was the plan of the attorneys for the board to cross-question Sarecky further regarding this, however, in an effort to discredit his testimony on other features of the case.

Testifying yesterday, Sarecky said that he was not a naturalized citizen. Today, however, he stated that his father had been naturalized several years ago, and if this proves the case of course, Sarecky is a citizen.

When Sarecky took the stand he was first questioned by Attorney Stanchfield concerning the various places in New York and Brooklyn where he has lived since he became a voter.

"You remember yesterday," Mr. Stanchfield then asked, "that I asked you whether you had a conversation with Webb Floyd, president of the Mutual Alliance Trust company, concerning your obtaining authority from Governor Sulzer to endorse his name upon the governor's checks. Are you positive you had no such conversation?"

"I did not have it."

Attorney Stanchfield called upon the Mr. Floyd, who was in the courtroom to stand up. "Do you know who this man is?"

"I think he is the president of the Mutual Alliance Trust company."

"Now, are you sure, you did not have this conversation?"

"I am positive I do not remember having such a conversation with Mr. Floyd."

Mr. Stanchfield then took up the witness' promotion to the state bureau of deportation.

"Have you ever since July 26 report-

ed for duty at the office of the bureau?"

"No, I have not."

"And you have been drawing a salary of \$4,000 a year?"

"I have."

Referring to a trip Sarecky took to New York on July 5, Attorney Stanchfield wanted to know if Sarecky had gone in an automobile belonging to the state highway department.

"Now that you remind me, I did."

On the trip he visited Governor Sulzer's office in New York and packed up various letters and documents, including campaign letters, which subsequently found their way to the executive mansion.

"Who was in the office at this time?" asked the attorney.

"Governor Spriggs," said the witness, referring to ex-Governor Spriggs of Montana, business associate of the governor.

Sarecky said he had seen the governor between July 26, the date the witness was subpoenaed to appear before the Frawley committee and July 30, at the executive chamber.

"You asked the governor to give you a better position than the one you held as confidential stenographer to the governor?"

"I told the governor I was losing money on \$2,500 a year; that I had two homes to keep up."

Sarecky said that he told the governor that John Hennessy, the executive's special investigator had suggested that the witness be given a position in the New York office of the bureau of deportation. The attorney read a section from the statutes which required that a deputy of the deportation bureau should devote his entire time to his duties and said, "since you were subpoenaed on July 26, you have done mostly stenographic work in Buffalo and other places for investigator Hennessy, haven't you?"

"No, I was specifically told by Senator Frawley to stay in this town."

The witness later admitted that he had accompanied Hennessy to Buffalo and had done stenographic work for him there in connection with the latter's highway investigations there.

"Did you ever tell the governor you were subpoenaed before the Frawley committee?" asked the attorney.

"I may have told him."

"Isn't your memory good?"

"On some subjects," retorted the witness.

Louis A. Sarecky, formerly Governor Sulzer's secretary, under cross-examination at the impeachment trial today told how he had destroyed practically all of the check books, check stubs and memorandum in connection with contributions to the governor's campaign fund which were in his possession. He also admitted omitting the contributions of prominent brewers from the campaign statement which he said he prepared and which the governor swore to and filed with the secretary of state.

The cross-examination of Sarecky was not completed at the close of the morning session. It had been searching day and night into the most minute details of his connection with the impeached executive and of his handling of the Sulzer campaign funds.

Sarecky declared he had no bank account in which he placed contributions except that in the Mutual Alliance Trust company in New York.

"Did you have a checkbook to draw on that account during the campaign?" asked Stanchfield for the assembly managers.

"I did," he answered.

"Where is the checkbook?"

"I destroyed it."

"Did you destroy the check stubs?"

"Yes."

"What became of the cancelled checks?"

"I threw the checks away, too."

"Did you also destroy whatever memoranda you may have had in

connection with the amounts received and deposited and expended?"

"Yes."

"What reason will you give us now for destroying all the evidence of the campaign contributions?"

"The simple reason that I had no use for them," Sarecky answered.

But didn't you know there were legal regulations safeguarding the receipts and expenditures of campaign contributions?"

"In a way I did."

When questioning turned to the omission in the campaign statement of contributions by certain brewers Sarecky read in chronological order part of the list of contributors contained in the statement. With the exception of several contributions made by brewers and persons identified with the liquor interests the list compared exactly with the deposit slips made out by Sarecky and furnished the assembly managers by the Mutual Alliance Trust company.

"How do you account for the fact that this particular class of contributions is omitted?" questioned M. Stanchfield.

"I suppose their omission was accidental," Sarecky replied.

"And you still say you had no conference with Governor Sulzer concerning the propriety of omitting certain names?"

"I do."

Questioned about the omission of Jacob H. Schiff's check for \$2,500, Sarecky said that he could not think of a single reason why he omitted it.

"This was by far the largest contribution that was received?" queried Stanchfield, "and you knew that Schiff would be classed in political circles as representing Wall street and the interests."

"No, I regard him more as a philanthropist," replied Sarecky.

Stanchfield wanted to know whether he had included Schiff's contribution in the rough draft of the Sulzer campaign statement which he had made the final draft.

"I did not," said Sarecky, emphatically.

"What did you do with rough draft?"

"I destroyed it when I made the final draft."

Attorney Stanchfield then had the witness identify Governor Sulzer's signature on various unreported campaign checks and letters acknowledging contributions.

### JOHNSTOWN GIRL SUICIDES AT THE STATE HOSPITAL

Lois Day, 20, who entered the State Hospital at Columbus from Johnstown, three weeks ago, committed suicide Tuesday by hanging herself with a small piece of cord from the upper hinge of the door of her room in the Greer cottage at the institution. The coroner pronounced death due to strangulation. The body was sent to Johnstown for burial.

Miss Day was the daughter of Mr. and Mrs. O. V. Day of Johnstown, and her mind had been weakened by overstudy. When the nurse at the institution went to her room at 3 o'clock Tuesday morning the girl appeared to be sleeping. At 3:30 on a return trip the nurse found her dead body suspended from the door hinge with a piece of heavy white wrapping cord which the girl had probably picked up on the lawn. It is said that she had threatened suicide before being committed to the hospital.

### MAN RESISTS; OFFICER FALLS AND IS INJURED

Difficulty in arresting a man wanted on a charge of attacking his wife resulted in a severe injury to Patrolman Walter T. Boscowen Friday night, and the officer has been compelled to get a leave of absence pending his recovery from the injury. Boscowen attempted to arrest Alonzo Wisecup and as the two came from the door of the Wisecup home in Central avenue, a scuffle ensued in which the officer stumbled and fell. His shoulder was dislocated. Monday Mrs. Ola Wisecup filed an affidavit against Alonzo charging that he attacked her with a knife and attempted to cut her. The same day the officer filed a charge against the man for resisting an officer. Wisecup was arrested Tuesday by Patrolman Abbott. In police court the wife's charge was dismissed when she failed to appear against the defendant and the charge preferred by the officer was delayed for a few days pending the developments in the case.

**YOUNGSTOWN HOTEL BURNS.**  
(Associated Press Telegram)  
Youngstown, O., Oct. 8.—Fifty thousand dollars loss from fire was suffered by the Hotel Colonial and the adjoining Lloyd livery stable here early today. The blaze started in the livery stable from an unknown cause. Sixty guests in the hotel made their escape in safety.

## Plank Blows Up In 10th New York Scoring 3 Runs; Second Game of Series

### DEPUTY IS KILLED BY STRIKERS

(Associated Press Telegram)  
Calumet, Mich., Oct. 8.—James Pollack, a deputy sheriff was killed this morning by copper mine strikers at the Isle Royale mine near Houghton. He was shot in the back of the head and attacked with clubs by a party of ten men and died an hour later. Pollack was found by other deputies lying beside the road. His head had been so badly pounded that his brains were exposed.

Sheriff Cruz has made one arrest and expects to apprehend all of the men involved in the murder before night. The crime has caused much excitement in the Isle Royale district and feelings run high.

Pollack was particularly active as a deputy and had incurred the wrath of the strikers by vanquishing six of them in a fist fight a few days ago. Several women were arrested at the battle mine this morning for attacking and badly beating a woman and one man was taken on the charge of carrying a concealed weapon. The strikers succeeded in preventing the battle mine employees from going to work.

A non-union parade, the first demonstration of the kind in the strike district, has been planned for early tomorrow morning in Calumet.

The leader is to be Mrs. John Kocjan, who has actively opposed the women strike sympathizers and strikers in early morning picket activity.

### ASK REFUSAL OF LICENSE TO THE SUNDAY VIOLATORS

(Associated Press Telegram)  
Cleveland, Oct. 8.—The Baptist Brotherhood today filed with Governor Cox and the state and county liquor license boards petitions asking that licenses be refused forty-nine saloonkeepers convicted by Mayor J. R. McQuigg of keeping open on Sundays.

The claim is made in the petition that a saloonkeeper who persists in violating the laws of Ohio is not a "good moral character" as the law requires.

### DETECTIVES ARE SEARCHING FOR GIRL'S SLAYER

(Associated Press Telegram)  
Chicago, Oct. 8.—Detectives combed the "black belt" on the south side today in search of the tall powerful copper-skinned negro who lured Miss Ida Leagon, the art student, to a lonely spot outside the city limits Saturday night and strangled her with a silken cord.

They obtained an excellent description of him from the pawnbroker to whom he sold the victim's watch on Sunday morning.

The negro also tried to sell a pen-knife which bore Miss Leagon's name out which a dealer considered worthless.

The Leagon case is similar to that of Miss Emma Robinson, a nurse who last April was lured to a vacant house on Michigan avenue. Miss Robinson's assailant called her on the telephone, asked her to come to the Michigan avenue address on a professional visit. When she arrived there, a tall negro, light-skinned, dragged her inside and attacked her. She recovered.

### MEEKISON AND CARGOULD ARE FOUND GUILTY

(Associated Press Telegram)  
Cleveland, Oct. 8.—W. H. Boyd, attorney for C. C. Meekison, Henry county auditor, and J. D. Cargould, Akron politician, today began preparation of the argument he will make before Judge Leighley Saturday, asking for a new trial for the two men.

Meekison and Cargould were found guilty by a jury last night of attempted burglary in attempting to remove Warner and Kilpatrick tax law referendum petitions from the offices of the Ohio Equity Association.

### PRESIDENT ASKS PAPER TO RETRACT

(Associated Press Telegram)  
Washington, Oct. 8.—Reports that President Wilson was trying to prod senators into quick action on the currency bill and a published statement that he would quash as a rebel any "Democrat who would not support him," brought out an emphatic denial from the White House today. The president made public the following letter:

"Editor of the Washington Post:—I am quoted in your issue of this morning of saying that any one who does not support me is no Democrat, but a rebel. Of course, I never said any such thing. It is contrary to both my thought and my character and I must ask that you give a very prominent place in your issue of tomorrow to this denial."

"Very truly yours,  
WOODROW WILSON."

At the White House there was a disposition to look upon the currency situation as on the way to amicable adjustment.

### YOUTH CRAZED BY RELIGION KILLS THREE

(Associated Press Telegram)  
Liverpool, Eng., Oct. 8.—In a fit of religious mania early today, a youthful church worker here, William McDonald, ran amuck with a loaded revolver and killed three of his fellow church workers. He then committed suicide.

McDonald paid a round of visits to the residences of his colleagues in the church work just after midnight and shot them down in turn, and afterward battered their bodies with a bludgeon.

Apparently there were no witnesses of the series of tragedies. The empty revolver and the bludgeon were clasped in McDonald's hands when his body was discovered. The four young people were active workers for a sect known as the "Church of Humanity."

One of the victims was Miss Crompton, daughter of the late Rev. Henry Crompton, former pastor of the Church of Humanity.

She was the leader of the Liverpool "positivists" and was McDonald's religious tutor. It was in her room that the maniac committed suicide after killing his instructress.

Batteries—Mathewson and McLean; Plank and Lapp.

(Associated Press Telegram)  
Shibe Park, Philadelphia, Oct. 8.—The New York Giants captured the second game of the world's series today, defeating the Philadelphia Athletics by the score of 3 to 0 in ten innings of play. It was a pitchers' battle between Mathewson and Plank until the tenth inning when Plank perceptibly weakened, and, coupled with a fearful wild throw by Collins, sent three Giants scampering across the plate.

Mathewson was in difficulties in the last half of the ninth when he was combed for two hits with Doyle's error put Athletic runners on second and third with none out. Then Mathewson with splendid pitching and an air tight defense by the infield kept the Athletics useless. Each team has now won a game and the third contest will be played in New York tomorrow.

Manager McGraw came over and chatted with the Athletic players. Mathewson was bundled up in a heavy double sweater and he was looked upon as the Giants' burier for today's game.

The Giants are telling a funny story about Baker and Herzog, who are old time friends and played on the same team together down on the eastern shore of Maryland when they were boys. As Baker was rounding third base on his home run yesterday Herzog shouted "that was a fine thing for you to do us, Frank."

"Well, I just had to do it, and this was as good a time as any," replied Baker as he sped up toward home plate. The photographers were as usual as busy as pilot fish about the park, darting here and there, photographing players in every position.

Almost constant treatment was given to Merkle's ankle during the morning hours. While it looks as if Merkle will not get into today's game, the question will not be decided finally until after the Giants reach the ball field. Under ordinary circumstances Merkle would not play, but he insisted this morning that he would make the attempt.

### 20,000 FANS AT TODAY'S GAME

Shibe Park, Philadelphia, Oct. 8.—All Philadelphia was baseball mad today and thousands packed Shibe Park to its capacity to see the second contest of the world's series between the New York Giants, National league pennant holders, and the Philadelphia Athletics, champions of the American league.

With one victory wrested from the Giants the Athletics set about to capture the second contest of the series on the home ball yard and establish a good lead in the effort to win four out of the seven contests. All of 20,000 persons had passed through the turnstiles before play began.

The National leaguers were not a bit crestfallen over their defeat in New York yesterday and there was not a Giant who was not ready to declare that Bender would be beaten the next time the Indians went to

### Democrats Will Open Campaign in This City On Next Monday Evening

The Democratic City Executive Committee held a splendid meeting Tuesday evening at the Democratic headquarters in South Third Street and arranged for the opening of the municipal campaign, the date selected being Monday evening, Oct. 13, at the headquarters in South Third Street.

Arrangements are being made for the meeting by a committee selected for the purpose and they have promised a program of short addresses that will be interesting, entertaining and instructive. Several good public speakers will be secured and all Democrats in the city are given an urgent invitation to be present.

At the meeting last evening a number of good talks were made and from the reports that were given it was the consensus of opinion that the Democratic candidates will all have the old time majorities. The ticket is a splendid one and is receiving the endorsement of voters over the city (in general).

Don't forget the campaign opening next Monday night and every Democrat is urged to bring a friend and join in the general enthusiasm.

The Advocate has already called the attention of the voters of Newark to the superiority of the Democratic City ticket which the party has nominated for the coming election. In fact there is every reason for confidence that the entire ticket will be elected by an unusual majority this year. The personal superiority of candidates for municipal offices especially have come to be considered in recent years as a paramount reason by intelligent voters for supporting such candidates. Under such circumstances it is only a question of the size of the Democratic majorities at the coming election providing a full vote is cast.

The Advocate especially urges, therefore, that the Democrats make a good rallying campaign in the interest of party harmony and the vindication of the city's present good government.

## TAKE THIS MAN'S ADVICE TRY THE GREAT KIDNEY REMEDY

It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praises of Dr. Kilmer's Swamp-Root. For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help. Incidentally I tried several patent medicines and at last tried Swamp-Root. From the first it gave me relief and it was no time before I was able to be up and around and now I am perfectly well and able to work as I used to before my terrible sickness.

Now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly,

## ADVOCATE STORY MOST COMPLETE AND ACCURATE

The Advocate gave not only the most complete account of the opening game of the world series yesterday but printed the only correct account in Newark of the game. Comparisons of the story in yesterday's Advocate with that of this morning's metropolitan newspapers and all other evening papers in invited.

This newspaper knows that the public is not interested in a newspaper controversy and therefore does not propose to enter into a discussion of the merits of competing news services. Suffice it to say that the Advocate is the only member of the great news gathering agency, The Associated Press, in this country, and further the Advocate was the first newspaper in Newark to install a complete leased wire telegraph news service, all claims to the contrary notwithstanding. The Advocate has a direct wire leading from the Polo grounds, New York, and Shibe Park, Philadelphia, into the editorial rooms of this newspaper, and the result of every play is received in this office instantly as it occurs. The service rendered at the opening game shows that the Associated Press is not only quick but reliable. The runs, hits, errors and box score given by "P" were correct. The story of the game was given accurately and in detail.

tempt. After he reaches Shibe Park he will practice and then Manager McGraw will decide what to do. In event that Merkle cannot play, McGraw will have to pick either Crandall, Wilson, Grant or Wiltse to play first. Catcher McLean is also a possibility.

The Athletics were the first to come upon the field, coming from beneath the grandstand one by one. They were garbed in their usual home uniforms of white with white stockings and black bands just above the ankles. They were followed shortly after by the Giants, who wore uniforms of gray with purple and gray stockings. Merkle limped perceptibly as he came upon the field. He wore a heavy ankle brace.

Athletics took up batting practice first and let out cheers when Home Run Baker sent a drive nearly over the fence on 21st Street, which the fans fondly call Baker's Alley. Captain Connolly went behind the plate. Rigger took care of the decisions on the bases while Egan took care of right field, Klem going to left field.

## HOW THE SECOND GAME WAS WON

**First Inning.**  
New York—Herzog popped out to Collins. Doyle out on a short fly to Strunk. Plank used his famous cross fire ball and deftly worked the corners of the plate. Fletcher fanned. No runs, no hits, no errors.

Philadelphia—Doyle's bouncer, the ball going through his legs. This gave the Athletic rooters a chance to cheer. Mathewson put two strikes over on Oldring and then Oldring promptly singled to left, sending Murphy to second. McLean went down to consult Mathewson. Collins sacrificed, Snodgrass to Doyle, advancing Murphy and Oldring. Then came Home Run Baker to the bat. Mathewson's first pitch was a ball. Baker fouled off the next one. Baker fouled off another one and it was two strikes and one ball on the big Athletic batter. Baker fanned. Mathewson sending up a fadeaway for the third strike. McLean fled to Burns. No runs, one hit, one error.

**Second Inning.**  
New York—Plank had nice control and easily fanned Burns. Shafer tied out to Murphy. Plank shot two strikes over on Murray in quick succession. Then he gave him a ball. Murray fanned, reaching widely for an outcurve which he missed by a foot. No runs, no hits, no errors.

Philadelphia—Doyle tossed out Strunk at first and made a nice play of it. Barry out on a high fly to Burns. Mathewson put over two strikes on Lapp and Lapp fanned on the third ball pitched. It was nice pitching on the part of Mathewson. No runs, no hits, no errors.

**Third Inning.**  
New York—It was noticed that Vesper's right hand was completely numb in bandages and it was believed that he is more seriously hurt than at first supposed. This may keep him out of the series. McLean out on a pop fly to Barry. Snodgrass singled over third base. He limped badly going to first. Mathewson was given a good hand as he came to the plate. Plank tried a pitchout to Lapp who threw quickly to McLean but not in time to tag the runner. Mathewson sent a hit to center, advancing Snodgrass to third. On Strunk's throw toward third Mathewson moved to second. Wiltse ran for Snodgrass. The Athletic infield drew in to try to stop a possible run, there being only one out. Wiltse out when Plank took Herzog's grounder, and threw to Lapp, who ran down Wiltse on the line. Mathewson went to third and Herzog went to second on the play. Plank gave Doyle three balls before putting over a strike. His next pitch was a strike which cut the far corner of the plate. Doyle fled to Oldring, and the Athletics crawled out of a very small hole. No runs, two hits, no errors.

Philadelphia—Wiltse went to first

base for New York. Plank out when Doyle threw him out at first. Mathewson threw out Murphy at first. Murphy bunting the first ball pitched. Oldring went out. Herzog to Wiltse. Only four balls were pitched in the inning by Mathewson. No runs, no hits, no errors.

**Fourth Inning.**  
New York—Barry threw out Fletcher at first. It was a nice stop by Barry of Fletcher's hard grounder. Burns went out on three pitched balls, all of which cut the plate. It was Burns' second strikeout. Shafer was safe when Baker made a wild throw to Melniss. Shafer out stealing. Lapp to Collins. Lapp's throw had Shafer beaten by several feet. No runs, no hits, one error.

Philadelphia—Marty took Collins' bouncer and threw him out at first. Mathewson had to leap into the air to take Collins' snapper. Baker got a single to right which Doyle was hardly able to knock down. Doyle threw out Melniss at first, Baker going to second. Strunk walked. It was the first base on balls off Mathewson. Strunk was forced at second, Doyle taking Barry's grounder and touching the bag. No runs, one hit, no errors.

**Fifth Inning.**  
New York—Murray out on a fly to Oldring. McLean sent a nice single by third base. Wiltse fanned. Mathewson sent up a foul ball on which Melniss, Collins and Murphy almost had a collision. Mathewson walked. It was Plank's first base on balls. Collins threw out Herzog at first. No runs, one hit, no errors.

Philadelphia—Lapp out. Doyle to Wiltse. Doyle did not have to move to take Lapp's grass cutter. Mathewson was pitching nicely. Plank got a single to right on which Doyle almost made a spectacular play, the ball bounding out of his gloved hand while on the dead run. Murphy out on a long drive to Burns, who made a beautiful catch while running toward the centerfield fence. Plank out when Fletcher took Oldring's splash and tossed to Doyle. No runs, one hit, no errors.

**Sixth Inning.**  
New York—Doyle out at first when Plank speared his bouncer and tossed it to first. Fletcher sent up a foul to Melniss. It was the first foul fly caught today. Burns out on a fly to Murphy. No runs, no hits, no errors.

Philadelphia—Collins almost got a safe hit but Umpire Connolly called it foul. Collins fanned. Baker fouled off the first two balls. Baker out. Fletcher to Wiltse. Fletcher made a dazzling stop, going down behind second and spearing Baker's drive on the run. He made a quick recovery and had his man easily at first. Melniss fanned. No runs, no hits, no errors.

**Seventh Inning.**  
New York—Shafer out on a fly to Strunk. Murray out on a pop fly to Barry. McLean out on a long drive to Oldring, who had to back up against the left field fence to get the ball. No runs, no hits, no errors.

Philadelphia—Strunk out on a fly to Burns, who made a great shoe-string catch, coming in on the run for the ball. Herzog threw out Barry. Lapp scratched a hit through Wiltse. It was a puzzling bouncer. Plank lined off to Fletcher. No runs, one hit, no errors.

**Eighth Inning.**  
New York—Wiltse out. Collins to Melniss. The crowd gave Mathewson a great cheer in recognition of his wonderful pitching. Mathewson out on a fly to Murphy who took the ball off the tops of the grass and then turned a complete somersault. Herzog fled out to Strunk. It was a pretty running catch. No runs, no hits, no errors.

Philadelphia—Murphy out to Wiltse unassisted. Fletcher threw out Oldring. Collins singled sharply to left. Baker singled to center. Collins going to second. Collins out when Herzog took Melniss' grounder and touched third. No runs, two hits, no errors.

**Ninth Inning.**  
New York—Doyle out on a fly to Strunk. Fletcher singled to center. Burns walked. Shafer out on a fly to Oldring. Murray out on a high fly to Murphy. No runs, one hit, no errors.

Philadelphia—Strunk singled to center. Barry bunted safely and had crossed first base when Doyle pitched up the ball and threw to the left field stands. Strunk went to third, and Barry to second. Wiltse took out at the plate when Wiltse took Lapp's grounder and threw to McLean who touched Strunk. Barry went to third. Barry was caught on the line when Wiltse took Plank's

crowder and threw to McLean who threw to Herzog, who threw to Mathewson, who touched out the runner. Lapp went to third and Plank to second. Mathewson threw out Murphy. No runs, two hits, one error.

**Tenth Inning.**  
New York—McLean singled to right. Grant ran for McLean. Wiltse sacrificed. Plank touching him on the line. Grant scored on Mathewson's line single to center. On Herzog's grounder Collins threw to left field, trying to catch Mathewson, going to third and Herzog to second. Doyle was hit by a pitched ball. Plank was tiring fast and had lost his speed. Mathewson and Herzog scored on Fletcher's single, which bounded over Baker's head. Burns struck out. Shafer tied out to Murphy. Three runs, three hits, one error.

Philadelphia—Wilson now catching for New York. Oldring out. Herzog to Wiltse. Collins fanned. Doyle took Baker's grounder and threw him out at first. No runs, no hits, no errors.

## FANS IN LINE ALL NIGHT NIGHT TO BUY TICKETS

(Associated Press Telegram.)  
Philadelphia, Oct. 8.—The battle for supremacy in the base ball world between the champions of the National and American leagues which opened auspiciously for the Philadelphia Athletics on the Polo Grounds in New York yesterday was shifted today to Shibe Park in this city. The New York Giants, National league pennant winners, under the leadership of John McGraw are thirsty for revenge for their defeat, while the American league pennant winners are determined to repeat their success on Wednesday.

## SALE OF INDIANS IS DECLARED OFF

Indianapolis, Oct. 8.—The sale of the Indianapolis American Association Baseball club to G. A. Wahlgreen, J. C. McGill and Jack Hendricks, all of Denver, which was announced Friday night, was declared off yesterday temporarily at least. The purchasers and Sol Kiser, owners of the controlling interest in the Indianapolis club, failing to agree on the manner of making deferred payments.

Mr. Wahlgreen, before returning to Denver, said his associates also did not fancy the lease on Washington Park, which has only three years to

## run. He said negotiations would be resumed later with Mr. Meyer, president of the club.

## Today in Pugilistic Annals

1909—Billy Pape and Willie Lewis fought 6-round draw at Pittsburg. The "Thunderbolt's" showing with "Gas House Willie" was a surprise to everybody, including Pape. A further indication of Pape's waning power was given in the same city the following month, when he was bested by Frank Klaus. In 1910 Billy revenge himself on Lewis over in Paris, knocking him out in the third round, and also stopped Joe Thomas in San Francisco. In 1911 Pape was defeated by Cyclone Johnny Thompson in

Australia and by Bob Moha in Boston, and in 1912 by Frank Mantell in Sacramento. Since then he has shown occasional flashes of his old time form.

1910—Al Kauffman and Tony Ross fought a six-round draw at Philadelphia. 1912—Jimmy Clabby defeated Knockout Brennan in 10 rounds at Buffalo.

## Newark's Post Office Will be Conducted For All the People

The appointment of the editor of the Advocate as postmaster of Newark having been confirmed by the Senate, it is proper that the policy of the conduct of the office under his management should be announced.

The Newark Postoffice will be conducted in a manner that will distinctly free it from even the taint of a political machine.

Every citizen of every class will receive equal courtesy and be rendered equal service.

The mail will be delivered in the most prompt, efficient and impartial manner possible.

The policy of the management will be to render such service as will meet the public's absolute approval and that will popularize the conduct of the office to a degree that will make it a credit to this grand national administration.

## The Newark Y. W. C. A.

The Young Women's Christian Association of Newark though less than a year old, has fully demonstrated its usefulness, and the good results that have been accomplished justify the effort that was made last fall to establish the institution in this city.

The Y. W. C. A. maintains a boarding home where young working women are now temporarily housed, and the demand for accommodations in this department exceeds the facilities of the organization.

The population varies in personnel because it is the aim of the association to care always for the stranger, the girl who has just come to town and has not yet been properly placed, either for business or for home accommodations. It is not simply a cheap boarding home; it is a place where a young woman finds refuge till she has discovered the means of safely helping herself. Then she goes out to give place to another young woman who needs the help more.

In another department, classes are maintained for sewing, cooking, stenography, millinery, English, mathematics and physical culture. Here a young woman may fit herself for money-earning employment, and positions have been found, during the year, for numerous girls and women, and safe rooming places for many.

Bible classes are being maintained, and, all told, the association is in intimate and helpful touch with many young women.

The summer camp was very successful and the practical good coming from the camp was evidenced to all who were connected with it.

The officers of the Y. W. C. A. are: Mrs. William C. Miller, President; Mrs. J. B. Jones and Mrs. H. I. Buell, vice president; Mrs. F. L. Johnson, recording secretary; Mrs. George B. Schmitt, treasurer. The efficient acting secretary is Miss Hazel Pettigell and house secretary, Mrs. Marietta Pierce.

## Let Newark Do Her Part

The value of the work now being done by Deputy State Fire Marshal John Baird can hardly be estimated. Acting under instructions of his chief, Mr. Baird is calling upon the merchants and manufacturers and is directing a general clean-up and ordering provision for the care of refuse, papers, etc. This means prevention of fire. In this work the state department has the active co-

## Shooting Wild of the Mark

One of the wildest of all the false reports which have been circulated is that of the Cincinnati Underwriter to the effect that 2000 additional men are to be employed to carry out the workmen's compensation law. That is a dream pure and simple, and there never was any foundation for such a ridiculous statement. To show how far from the truth the asser-

tion is, some other predictions from the same source are given: It was charged that it would cost the state \$2,000,000 to administer the law each year. It actually costs \$150,000 annually. It was asserted that a skyscraper would be required to house the clerks necessary to carry out the law. The department administering this law, and eight other state departments are all to be situated on a single floor. Now about the 2000 additional men. There are only 15 field men employed in the compensation department, and Secretary Archer of the Industrial Commission, says there are sufficient to do all the work. Not a single additional man will be employed.

## War, Not Peace

One of the vagaries of the Republican ex-office holders who want to get back on the payroll is that they "hear the tramp, tramp, tramp of Progressives marching back to the Republican party." Col. Theodore Roosevelt dispelled the dream the other night when he said: "We progressives shall enter un-

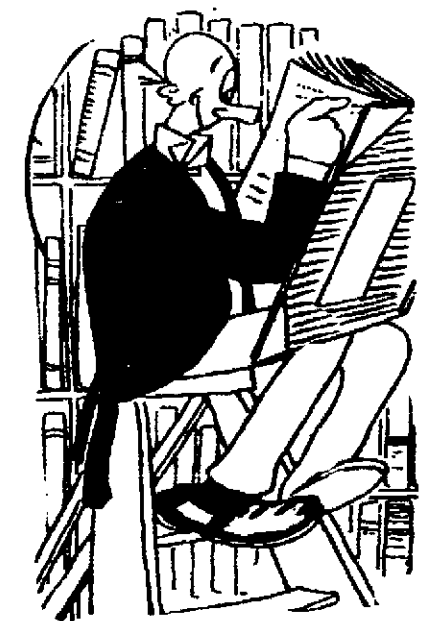

The Warnes appointive tax assessor law is the greatest job reducing law ever enacted in Ohio. It cuts 4,058 office holders off the payroll.

Democratic state officials have saved enough money each year by stopping the robbing of the state treasury, to pay the salaries of all state commissions and the operating expenses of several state departments.

For Secretary of State Graves to disregard all the corruption and crookedness in the referendum petitions and to sustain them would have been like throwing open the halls of the general assembly to lobbyists and bribe givers and telling them to purchase what laws they desired.

Public utility corporations fought the State Tax Commission law just as strenuously as the millionaire tax dodgers are fighting the Warnes law. The State Tax Commission act was passed and the values of utility property were increased one billion dollars. That points the way to what will be done to personal property under the Warnes act.

## On Second Thought

One thousand and fifty years ago today Moses Skaggywawa put the king in cooking. Skaggywawa's family, all of whom were also cannibals, said the king tasted pretty good.

The cities of Europe are generally cleaner than those of this country. This is hardly to be wondered at, however, as the cities of Europe all seem to send their dirtiest citizens over here.

The fact that it is darkest just before dawn is the reason every farmer needs a lantern.

After careful inspection of the blouses and cravats bearing their copyright, Tank Beverly concludes that the Bulgarian atrocities were not confined to the fighting zone.

The rule in most families is that mother does the scolding and father the whipping.

No man of 70 feels "as well as he ever did."

Anything can happen once. In his boyhood days Buck Kilby knew a farmer who wore collars that exactly fitted his neck.

A man never knows, for sure, whether the emotion he feels toward the woman who attracts him is love or hate, although it ordinarily is diagnosed as love.

Generally speaking, the trouble with the good man is that he capitalizes his goodness.

The newspaper interview probably is the dulllest reading. Possibly.

## Uncle Walt's Philosophy

Too Much Talk.

Full many a merchant, in his doomy store, in sorrow sits, and wonders as he sees why people come to buy his goods no more, those goods piled up in dusty, musty heaps. "I wonder how," in agony he moans, "I've got myself, apparently, in trouble? Few men come here to spend their shining bones," the answer is, he always talked too much. "I wonder why," a lonely housewife sighs, "my husband sits from home when ever he can? He used to say that I had starry eyes, that I was fashioned on the goddess plan. And now the love that once he did profess, seems crippled sore, and hobbling on a crutch; what have I done to earn this dire distress?" The answer is, she always talked too much. The careworn man, who's searching for a job, drags on his feet in weariness and woe: "I wonder why," he murmurs with a sob, "misfortune dogs me, everywhere I go? To earn success I've striven and, only sorrow do I seem to meet; my jobs are lost as soon as they are gained, and on my uppers I must tread the street. Am I a Jonah, or the sport of fates? I hoodoo all and everything I touch; why must I beg for handouts at the gates?" The answer is, he always talked too much.

## THE WOMAN'S FRIEND.

"I feel well, never felt better; thanks for your attention and Peruna. I will be glad to do all I can in the way of advancing the sale of your valuable medicine."

"I do think Peruna the best medicine I have tried at any time."

"Since I began taking Peruna we have never been without it."

"I really believe that every woman in the world ought to have Peruna on hand all the time; for, if she gets tired, Peruna refreshes her; if she gets nervous, it soothes her; if despondent, it cheers and invigorates."

"Surely, Peruna is the woman's friend."—Mrs. E. C. Everly, 2103 Franklin St., Philadelphia, Pa.

Those who object to liquid medicines can now procure Peruna Tablets.

## INSOMNIA IS NERVE RACKING

Sound Sleep Produces the Opposite Effect. Only Sometimes Sleep Won't Come Without Assistance.

Morse's Glyceroide is the one safe and sure method of causing sweet, restful and energy-restoring sleep. It is in no way a narcotic. It contains no injurious nor habit-forming drugs. It is the very essence of pure vegetable elements—scientifically blended. The prescription is on the label of each bottle. Morse's Glyceroide relaxes, rests and tones the fatigued and worn-out nerves. Then comes the peaceful slumber of a tired child. You awake refreshed. It doesn't let you slip back as anything in the nature of a narcotic will. It's as good for fretful, teething babies and the aged as it is for the ordinary adult.

If one 30-cent bottle of Morse's Glyceroide does not convince you of its thorough superiority over every other tonic, take it back to the druggist; you bought it of. He will refund your money without question. You simply tell him you haven't tried it according to directions, but was disappointed. This is a safe guarantee, as one bottle, if intelligently consumed, will convince the most skeptical that Morse's Glyceroide will accomplish all that is claimed.

If any druggist does not want to take the trouble to convince you of these facts Evans' drug store of Newark, will gladly do so.

## —AND THE WORST IS YET TO COME

## FEW FOLKS HAVE GRAY HAIR NOW

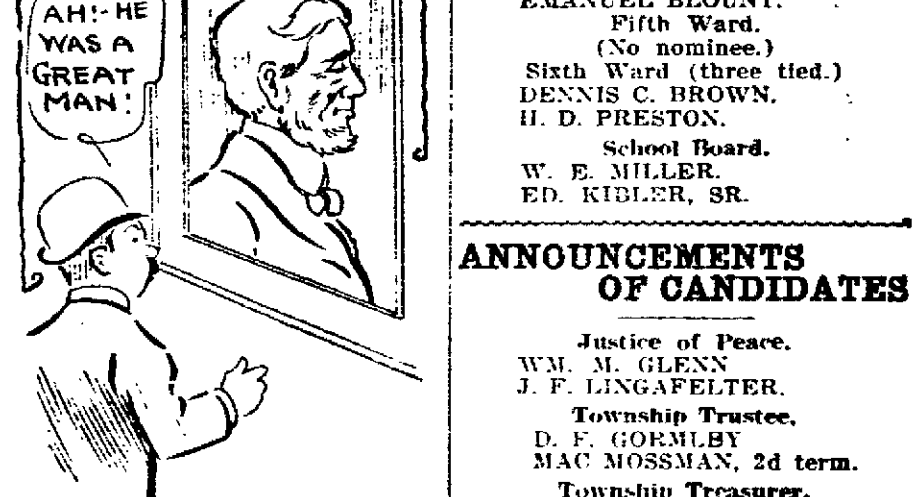

Well-known local druggist says everybody is using old-time recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. # INDIGESTION GAS DYSPEPSIA GONE

"Pape's Diapain" sizes your bloated stomach and you feel fine in five minutes—Time is!

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapain and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapain occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapain which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

## Society

Miss Laura Jones in North Fourth street was hostess on Friday evening to the Mary Cunningham Sunday school class, thirty members being present. Light refreshments were served. The next meeting will be held at the home of Mrs. Jennie Stewart in Elmwood avenue, the first Friday evening in January.

The Minerva club will meet at the home of Mrs. Clarence Johnson, 73 Moul street, Thursday afternoon at 2 o'clock. It is earnestly requested that members be promptly on time as there will be business of importance.

### COOPER—MCKEE

Amid profusion of yellow and white chrysanthemums, and palms, ferns and southern smilax, the wedding of Miss Ruth McKee of this city and Mr. Benjamin Cooper of Columbus was solemnized at the home of Mr. and Mrs. J. B. Irish in West Main street on Tuesday evening.

In the parlor where the ceremony took place every available space was filled with yellow and white chrysanthemums. The niche formed by the bay window was filled with palms and ferns. Rev. Mr. Calvin Hazlett, pastor of the First Presbyterian church, read the marriage service. The bride was unattended and was costumed in a gown of white imported crepe, with a drapery of lace. She wore no veil and her bouquet was of white roses.

Following the ceremony, which took place at six o'clock, a wedding dinner was served to forty guests. The bride's table was delightful in its appointments of yellow and white. From the chandelier was suspended a basket of greenery filled with yellow and white chrysanthemums, while the candles were shaded with yellow canopies and the place cards were decorated with the same tints. The guests seated at the bride's table were: Mr. and Mrs. Benjamin Cooper, Mr. and Mrs. J. B. Irish, Rev. and Mrs. Calvin Hazlett, Mr. and Mrs. Richard Tharpe, Miss Jessie McKee of Ashtabula, and Ralph McKee.

Mr. and Mrs. Cooper left during the evening for Columbus where they will reside. The bride has made her home with her aunt and uncle, Mr. and Mrs. J. B. Irish. She is a graduate of the Newark High school with the class of 1909. Mr. Cooper is a postoffice clerk in Columbus. Their at home cards read for 1160 East Long street, after November 1.

On Monday evening a number of Newark's young folks enjoyed a merry hay ride to Granville and after seeing the sights all returned home, having reported a fine time. The party was chaperoned by Miss Rachel Jones and Miss Florence Lawyer.

In the party were: Misses Mary Brown, Helen White, Minnie Beck, Ruth Kennon, Mary Sturman, Claire Spickler, Aline McDonald, Anna Hutton, Marie Chester, Catherine Hill, Ruth Patterson and Messrs. Harry Neis, J. Jefferies, St. Lawyer, C. Strickland, Issy Howard, Sid Dase, Harold Sullivan, H. Danner, Bud Nutter.

The members of the Thursday Afternoon Euchre club surprised Mrs. W. T. Egan, one of the members of the club at her home in Hudson avenue on Tuesday evening. Mrs. Egan leaves in a few days for her future home in Garrett, Ind., and before leaving the club presented her with a handsome table cover and napkins.

The evening was spent in playing euchre and the souvenirs were given by the fortunate contestants to Mrs. Egan. About twenty guests were present.

Mr. Thomas Ferry was surprised at his home in Columbia street on Tuesday evening by a number of his friends, the occasion being the celebration of his birthday anniversary. The evening was spent in playing pedro, and Mr. James McGonagle received the first prize. Mr. Ferry received a number of gifts from his friends. The Ferry home was prettily arranged with Halloween decorations and a dinner was served the following guests: Messrs. J. D. Keeley, James McGonagle, William A. Archer, Charles Dearduff, Willis Sachs, William Young, Ray Martin, E. J. McCarthy, Edward McDonald, Frank Stare, Frank Wolverton, Carl Wolverton, Fred Cannon, and Master John Ferry.

Mrs. Ferry was assisted in entertaining by Mrs. Archer, Mrs. K. C. Wolverton and Miss Lillian Eden.

**BEABOUT—YANTZ.**

The wedding of Miss Elizabeth M. Yantz and Mrs. Samuel E. Beabout of Columbus was solemnized at the home of Mr. Charles Yantz in South Pine street on Tuesday evening at seven o'clock.

The ceremony was witnessed by only the relatives and immediate friends. The marriage service was read by Rev. M. A. Lamp.

Mr. and Mrs. Beabout immediately after the wedding supper left for their home in Columbus. The groom is a valued employee of the Ohio Electric Railway company.

Mrs. Annie Grace Hatch is entertaining at her home in North Fifth street this afternoon with a bridge party.

Miss Ruth Weaver was the honor guest at a delightful afternoon party on Tuesday when Misses Bertha and Morna Stevens entertained at their home in West Church street with a tea-towel shower. The afternoon was spent with needlework and each of the guests composed a rhyme giving advice to the bride to be.

A dainty luncheon was served the following: Mrs. George Weaver, Mrs. James Loughridge, Mrs. Eugene Hartshorn, Misses Martha Hartshorn, Bessie King, Jesse Bartholomew, Nelle Grey, Buelah Rowland, Edna Martin, and Margaret Bennett of Sistersville, O.

**GANEY—DOUCE.**

Marked by the greatest of simplicity, the marriage of Miss Edith Spray Douce and Mr. Daniel Ganey took place Wednesday morning. The hour was 7:30, and both the bride and groom were without attendants. Rev. Father O'Boylan, pastor of St. Francis de Sales church, read the marriage service at the parsonage and immediately following the ceremony, Mr. and Mrs. Ganey left for a wedding trip north.

They will spend several days in Cleveland and on their return will be at home in the Henrietta. The at home cards issued today read for after November 1.

The bride is the daughter of Mr. and Mrs. C. W. Douce of West Church street, and is a graduate of the Newark High school of the class of 1908. Mr. Ganey is the son of Mrs. Daniel Ganey of Hudson avenue, and is department manager for the J. J. Carroll company.

Mrs. Arthur Taylor is entertaining this afternoon at her home in the Hebron road in honor of Miss Ruth Weaver.

### Why is the soda cracker today such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

## BENEFITS TO BE DERIVED FROM SUBWAY

The people of the city have scarcely begun to realize the benefits to be derived from the construction of the proposed subways. Aside from the benefits that will flow from this project after the improvement is in operation, it is difficult to realize the great benefit and boom to the city that will result while the proposed improvement is under construction. Engineers who are familiar with this kind of work and its cost, say that it is conservative to estimate that fifty to sixty per cent of the cost of construction will be spent in labor and material in Newark. If this be true, it will mean that while the improvement is under construction at least \$500,000 will be spent in this city. This is a fact certainly worthy of the city's consideration and of every one interested in the real welfare of Newark. It will mean not only plenty of employment for our own skilled workmen and laborers, but it will also mean that a large number of mechanics and laborers will come to Newark and secure employment on this improvement. This will mean increased business for the grocer, meat market, clothier, dry goods merchant, hardware dealer, druggist, contractor, lumber dealer, barber, physician, lawyer and every one in fact engaged in a legitimate line of trade or business. The project can hardly help but produce increased activity in all lines of business.

The above will be true while at the same time the city is building an improvement that will be of lasting, permanent benefit to the city and its inhabitants—an improvement that will increase very materially real estate values in a part of the city heretofore greatly handicapped. Those familiar with land values in the different sections of the city believe that there will be such an increase in the values of real estate south of the railroad, that the increased revenue thereby made possible through taxation will practically, if not all together, take care of the cost of this improvement. If this be true the bond issue will be merely a temporary loan by the city at large to that part of the city south of the railroad tracks and will be paid back by increased taxation by real estate owners in the south end.

It therefore seems, considered from the broad standpoint of the welfare, financial as well as otherwise, of the city and its people, the only wise course to pursue is to vote for the issuing of bonds for the elimination of these dangerous crossings.

In every city in the state that has any importance as to railroad facilities, the idea of eliminating grade crossings has already been carried to a successful consummation, or the work is being carried out according to plans agreed upon by engineers representing the cities and railroads.

The two railroads which pass through Newark are now ready to co-operate with the city, and bear 65 per cent, or practically two-thirds of the cost of the improvement.

**Are You Subject to Backache?**

The muscles of the back are constantly under heavy strain and have but little rest throughout the day. They are therefore in need of all the nourishment and strength that plenty of pure, red blood can give them. Unless they have this help, you will have backache and continue to have it.

Backache seldom or never means kidney trouble. It is nothing more than the tired, weary, worn-out muscles of the back showing their exhaustion because of lack of good pure blood.

If you are subject to backache you have reason to suspect the condition of your blood. The one generally recognized blood purifier and builder—Dr. Williams' Pink Pills—is worthy a serious trial.

Call at your druggist's and get a box of these pills. You will find them more effective than any other medicine.

## LITTLE GIRL IS BADLY BURNED IN MAZEY HOME

The four year old daughter of Mr. and Mrs. John Maze, residing corner of Buckingham and Commodore street, was seriously burned late Thursday afternoon.

The little girl was playing about the yard and started to run through the kitchen where a hot plate was burning. Her dress was caught in the flame and frenzied with fear the child ran through the house hunting her mother. The mother attracted by the cries was horrified to find the child enveloped in flames but had presence of mind enough to catch up a rug and wrap the child in it.

Dr. W. S. Turner was called and an examination showed that both legs were burned, one very seriously and the body about the abdomen was also badly burned.

The child suffered much pain but it is not thought the burns will result fatally.

### PURITY

Mr. and Mrs. Ray Chilcotte were caught in a racing accident returning from the fair Friday evening, but neither was seriously injured. # THEATRE BOX GIVEN FOR THE BEST ESSAY

Advocate to Give Free Ticket to the Winner of Essay Contest on Characters in "Little Women."

Which character in "Little Women" do you like the best? Free seats for the matinee performance of "Little Women" at the Auditorium, Monday, October 27, will be given by the Advocate for the best article of 250 words written by a pupil in the public schools and by an adult on the subject, "My Favorite Character in 'Little Women.'"

The contest closes Wednesday, October 22.

The names of the judges will not be published until after the winners have been named.

The essays are limited to 250 words in either prose or poetry.

For the best contribution from a school girl or boy, one entire box will be given away, containing five seats.

The best character sketch written by an adult will secure two seats in the orchestra.

All of the characters in the book, written by Louisa M. Alcott, fifty years ago, will be represented on the stage.

The lucky contestants will also be invited behind the scenes after the first act, and introduced to their favorite characters.

# Theatres

"Uncle Tom's Cabin." At the Auditorium Friday, matinee and night, the beautiful and realistic picture which has made Kibbie and Martin's production of Uncle Tom's Cabin world-famous, are the little cabin of Uncle Tom, an old Southern road, Skinner's tavern, the ice gorged Ohio river by moonlight, the grand old home of Phineas Friend, the wild, rocky pass in Southern Ohio, St. Clare's home, showing a tropical garden with its fragrant magnolia and orange trees, the home of Eva; the great New Orleans levee and slave mart, a moss-circled road near Legree's, a street in New Orleans, Legree's plantation on the Red river with the cotton in full bloom, and the transformation entitled "The Celestial City." Kibbie and Martin's version involves thirty important characters. Twenty negroes are carried to fill out the pictures and introduce their plantation pastimes. The production is transported by special train. Seats now selling.

"Honey Boy" Minstrels. With a company of minstrel favorites embracing such players as John King, Sam Lee, Vaughn, Combs, Tommy Hyde, James Meehan, William H. Thompson, Joseph Gillespie, Ed. Lindeman, Carl Fletcher, "Rags" Leighton and many others, George Evans will be seen at the Auditorium Wednesday October 15. A new program of up-to-date minstrelsy in an all new scenic frame and with an all new wardrobe embellishment will be offered. Of course, the singing corps will offer new songs and the big orchestra of the company under the skillful baton of Eddie Cupero will be found full and satisfying. These yearly productions of high class minstrelsy which Honey Boy Evans has so masterfully managed to produce have been found really excellent in character and enjoyable to the lover of this time honored amusement. The little minstrel star himself is always delightfully entertaining and the monologue moments with Honey Boy are a sure fire case of unrestrained laughter.

Howe's Pictures. "Gorgeously thrilling," says the Denver Republican of the new program to be presented by Lyman H. Howe at the Auditorium on Thursday, October 16.

While it is true that Howe's scenes can be depended on for thrills and a succession of surprises, they also import much that is highly instructive. They serve as an agency of civilization in spreading knowledge and drawing closer and closer the members of the great human family, and in this way they develop a clearer mutual understanding, a broader sympathy and a keener realization of the human race. Of the several great milestones that stand out on humanity's highway of progress and enlightenment, the animated scenes presented by Mr. Howe constitute one of

the greatest forces for illuminating mind and heart. The new member places presented by Mr. Howe are said to be so perfect that they seem to leave nothing for future discovery or research.

Francis MacMillan. First of the several eminent violinists announced for American tours this year is Francis MacMillan, who has been socialized by Europe, as the greatest American violinist. With true Buckeye pride he has arranged that the very first concert of his tour, which will embrace the entire United States, shall be given in Ohio. In this series he comes to Columbus, Thursday evening, October 16, and will be heard in Memorial Hall. A large number of local music lovers are arranging to attend. For their accommodation the Columbus management has agreed to accord all mail orders the same attention given to those who secure tickets in person. While the maximum price of seats will be \$2.00 there are a great many that will be available for 50 cents and 75 cents.

# HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box.

Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, O.

# BLAIR TRUCK DELIVERS GOODS FOR MR. BAILEY

Harry A. Bailey has increased his business 50 per cent. and has added to his force of workmen recently as the result of the purchase of a Blair automobile truck.

Mr. Bailey bought a direct drive Newark made truck last May, having watched the successful operation of the Burkham truck running between Newark and Granville and the Fleck & Neal truck in Newark. He is more than pleased and the fact that he is able to deliver his goods in larger quantities and with greater speed has enabled him to take contracts at Uden, Granville, Vanatta, Alexandria, Brownsville, Hebron, Thornville and other nearby towns. "The truck is 'delivering the goods' and Mr. Bailey is naturally greatly pleased with his purchase."

# GRANVILLE NEWS

The social committee of the Granville circle of The King's Daughters, will hold a reception this evening at 8 o'clock in the home of Mayor Swartz in honor of the delegates to the state convention of The King's Daughters.

The meeting of the Illinois club was held at Burton Hall Tuesday at 1 o'clock to arrange for amusements to be furnished during the school year.

Invitations have been issued to a reception to be given by Mrs. Ullman and Mrs. Hines on Saturday, October 11 from 4 to 5 in the afternoon. Mrs. Chamberlain, Mrs. Brelsford and Miss Judson will be the guests of honor.

The state convention of The King's Daughters of Ohio will be held in Granville on Thursday and Friday of this week.

The ladies of the Presbyterian church will serve dinner and supper in the church parlors on Thursday for the benefit of The King's Daughters convention. The ladies of the Methodist church will respond in similar manner by serving dinner and supper on Friday of this week in the parlors of the Methodist church.

# BOARD MEMBERS PLEASED WITH NIGHT SCHOOL

Elementary Classes Have Immense Enrollment—Total Reached 150—Requires Seven Teachers.

Nearly half a hundred foreigners have registered in the night school recently instituted by the department of public instruction to take up the study of reading and writing the English language. Twenty-five native born Americans have enlisted for the study of reading, and thirty-six have enlisted to study writing.

This is the surprising news imparted in the first report of Public School Superintendent Hawkins and as a result of these figures alone, members of the board of education are jubilant. They feel that they have struck a very important chord in the educational life, and consequently in the civil and social welfare of Newark.

Interest which has manifested itself in the new night school project is exciting comment everywhere. In the neighborhood of 150 students have enrolled to date. More are expected. As yet there have not been enough registered for sewing and cooking to justify offering these subjects, but to accommodate those who have already registered it will be necessary to have at least seven-teen classes, and seven instructors.

The exact registration in the various branches offered, was submitted to the board of education in session Tuesday night, in the following form, prepared by Superintendent Hawkins:

Reading and writing (foreigners), 45; reading (Americans), 25; arithmetic, 22; spelling, 34; writing, 36; shorthand, 26; typewriting, 40; bookkeeping, 29; sewing, 3; cooking, 3; mechanical drawing, 16; geometry, 5, and in scattered branches, 5.

The superintendent recommended the election of the following instructors for the night school, with the understanding that should any classes not be organized, they suffer a corresponding reduction in salary:

H. F. Moulner, principal, reading, writing and spelling.

W. E. Painter, mechanical drawing.

H. M. Beatty, reading, writing and spelling.

W. G. Gingery, geometry, reading and arithmetic.

E. V. Bowers, reading, writing and arithmetic.

L. G. Millisor, shorthand.

G. G. Winter, typewriting and bookkeeping.

Including the salaries suggested for instructors, with an allowance for janitors, the Supt. Hawkins summarized the financial status of the opposition to the board in the following words:

"This makes a total cost, not including light and fuel, of \$14 per night, or \$840 for the five months of twelve nights each. The tuition collected, should all enter who have registered, will be at least \$500, making a total cost to the board of \$340, and light and heat. I am satisfied that in no case will the expense to the board exceed \$500, including light and heat."

"With regard to domestic science in the night school, the superintendent said:

"There have not enough registered for sewing and cooking, to justify these subjects. However, I think there will be a demand for these subjects, sufficient to offer one lesson in each per week. In case there is such a demand, a teacher will be provided."

"The school will open, as advertised, on Monday evening, Oct. 20, and, if the board approves of the plans and recommendations submitted, I shall notify all teachers and registered pupils to be on hand at that time."

The board immediately approved the plan outlined by the superintendent, and the night school is now assured.

High Enrollment Record. All enrollment records of the Newark public schools have been broken this year by a figure in excess of 200.

There are 634 students enrolled in the High School, and 3,451 in the grades, making a total of 4,084, which is 211 more than were enrolled last year, and almost 600 more than were enrolled at the corresponding time two years ago. Of this whole number, 1,399 are in the grammar grades and 2,642 in the high school.

Supt. Hawkins said:

"This is almost fifty per cent. and I doubt if there is another city of our size in the country that can make a better showing in this respect."

The crowded rooms occasioned by the increased enrollment, and resignations, have made necessary the employment of additional teachers. The board Tuesday night approved recommendations of the superintendent for the employment of the following instructors:

Chalmers Parker, to succeed A. T. Carr, who resigned to accept a position in the Cleveland schools; Laura Broome, Riverside school; Mariam Weiland, East Main; Esther Mayer, Hartzler, and Matilda Desch, Mound.

The board agreed to engage Miss Edith Clark to teach one after-school class in sewing in the High School, once each week. This class is necessary to accommodate thirty girls who have no opportunity to get this work in the regular hours.

Resignation of John D. Mazey, janitor of the Mound building, was accepted and J. M. Brillhart was appointed to succeed him.

Truant Officer Handel was authorized to seek bids for furnishing and planting a number of shade trees in White and Halsey playgrounds.

The Columbia Iron & Wire Works of Canton, now constructing fire escapes on some of the school buildings, will be asked for prices for equipping some of the old buildings now in need of new escapes.

# None Reserved By Phone!

Telephone calls have been numerous this week, asking us to reserve Hoosier Cabinets and Hoosier Club Memberships until a family decision could be made. The amazing rapidity with which Hoosier Cabinets are being taken, makes it impossible for us to hold any more on approval.

We have accommodated our friends and customers in this manner to the limit of our resources, but now the cabinets are nearly all gone and membership is strictly limited by the Hoosier Company.

Please apply for your Hoosier Club Membership in person. The few memberships are going so fast that only early callers can avoid disappointment.

## Don't Wait

... You may have a Hoosier Cabinet delivered and set up ready for use tomorrow morning if you decide now.

A single dollar brings your cabinet—the dollar club membership fee that is part of the price.

No increase in cost above the low national cash price—balance payable in the dollar a week dues that pay for your cabinet so quickly.

## Have You a Pantry?

Women take so many steps daily and are on their feet so much that they rarely realize how greatly walking is the real drudgery of housework until they see how many steps the Hoosier Cabinet saves.

Some think a pantry and cupboard give all the convenience they need, but you women who have pantries and cupboards need a Hoosier more than anything else to save you miles of walking back and forth preparing and clearing up meals.

This is your last chance this year to join. Four thousand Hoosier agents in 4,000 towns are organizing branches of the great national Hoosier Club. Half a million women now own Hoosiers. Five hundred thousand are waiting to get them.

The Hoosier is the only "lifetime" kitchen cabinet. It is a wonder of economy and convenience, and is sold so universally that the price can be made lower than on any other furniture.

The Hoosier Company allots to each of its 4,000 agents a limited number of cabinets for sale on this liberal club plan this season, and our share is so nearly gone that tomorrow may see dozens of women disappointed.

## JURY FINDS VERDICT FOR THE RAILROAD

The case of Andrew Hulshizer vs. the B. and O. Railroad company, was tried to the jury and a jury in Common Pleas court. The plaintiff brought the suit to recover the sum of \$500, which he claimed he was damaged by reason of the killing of a number of sheep by an engine of the defendant company. Plaintiff claimed negligence on the part of the railway company in not keeping up a fence along the right of way. After the conclusion of the evidence, the court sustained a motion made by defendant railway company to direct the jury to return a verdict in favor of the defendant on the ground that no negligence on the part of the railway company had been shown. The court sustained the motion and the jury returned a verdict for the B. and O. R. R. Co. A motion for a new trial has been filed by Hulshizer.

## CONSTABLE TENDERS HIS RESIGNATION

At a meeting of the Township Trustees held Monday evening, Mr. Lewis Mossman, who has served as constable for the past month, tendered his resignation.

## 'DOLLY DIMPLE' FOR BENEFIT OF NURSE CHAPTER

The Visiting Nurse Chapter of The King's Daughters have one of the most delightful attractions in store for the people of Newark on the evenings of Oct. 17 and 18 and Saturday matinee, the "Miss Dolly Dimples" musical comedy.

This is composed of a number of beautiful choruses, catchy songs, clever little plays and artistic dances. The solo dances are decidedly unique and attractive.

Following is the cast of the play: Jack and Betty, who think they can find the rainbow and the imaginary "Pot of Gold"—Donald Cross and Elizabeth, Crisswell.

Mr. De Parks, American Ambassador—Audrey Wall.

Mrs. De Parks, his wife—Elizabeth Spencer.

Dolly and Betty, a niece of the De Parks; Dolly, an imaginative young lady, who thinks a count's hand and wife enough to turn an girl's head—Helen Wright.

Bees, who undertakes chaperoning Dolly and regards her as a "task" a "thing" of "gold" and "silver".

The Real Count—Inge Clayton.

Count Von Hoff, impersonator.

Dr. Granville, in love with Dolly—Carl Jones.

Wizard of Oz—Walter Brown.

Bill Williams, a very busy valet—Howard Ruge.

Suzette, the French maid, pretty and demure—Ruth Rickett.

Dago, who amuses himself and De Parks guests—Harry Siegle.

Summer girls, who amuse the De Parks guests and have a bit of fun themselves—Olive Howard, Elizabeth Clayton, Evelyn Murphy, Virginia Warner, Grace Marvin, and Stella Davis.

The Visiting Nurse Chapter of The King's Daughters is doing an excellent work in Newark, and have

the appreciation and staunch support of all the prominent physicians of the city. Do your part toward helping along this good work and enjoy this attraction at the same time by purchasing a ticket to "Miss Dolly Dimples."

## AN INSPIRING LECTURE BY DR. ROWLANDS

A large audience heard Dr. H. O. Rowlands in his lecture, entitled, "Tantalus," at the Fifth Street Baptist church last night. The crowd that came to hear in a busy season of the year was a rare compliment to the man who spoke.

None was disappointed in the realization of their hopes. For over an hour the speaker held his audience in rapt attention. The speaker first showed the origin of his subject in explaining the legend of the king named "Tantalus."

The story is as follows: For some transgression against the gods he was bound in a strange prison; was put in a tank of clear, cool, water up to his lips. A burning thirst was consuming him, but when he bowed his

## IMPROVEMENTS ARE BEING MADE BY BAZLER & BRADLEY

Work is well under way at the Bazler & Bradley undertaking establishment on improvements which were planned last spring when the undertakers leased the entire first floor of the building occupied by them. The floor of the south room is being lowered to the level of that in the north room and a door communicating with the private office and display room has been cut through the north wall. The interior will be newly decorated and furnished, giving this firm an up-to-date and attractive establishment.

## NEIGHBORHOOD PRAYER MEETINGS

The monthly meeting of the Division Leaders was held on Tuesday afternoon at the Y. M. C. A. There were several leaders present and encouraging reports were given by the leaders of their work in their divisions. In one neighborhood prayer meetings the attendance has increased gradually all along. Mrs. Shaw's division, No. 12, south side of town, the people are so earnest and appreciate the meetings that a Tuesday meeting has been successfully started. Another feature commences this week when a special meeting will be held for boys and girls. The leaders are full of work, and are looking forward to good Christian service this fall. There is certainly a great work to be done to reach the people who do not attend our churches, and are brought in to these meetings, and in many instances conversions are effected.

The Division Leaders decided to recommend all leaders who dropped the meetings during the summer months to restart during October, so as to fall in line for united work.

It was decided to hold a rally meeting during October to commemorate the anniversary of the Tabernacle meetings. This will be a fine gathering and a profitable meeting. Will each leader talk it up, and pray for it? It will be expected to have reports from Division Leaders, testimonials from converts, or from those connected with the meetings, and a few short, inspiring addresses.

Will those leaders who had charge of divisions last year, and are unable to continue, please notify the chairman, either by phone, No. 1852, or post card, of such change, and giving the name and address of the new leader. This will greatly facilitate matters so as to keep the list in order.

The Neighborhood Prayer meetings

will be held this week at the following homes:

Div. 43, Mrs. Frank Toothacher, 634 Eleventh street, Friday, 7:30 p. m.

Div. 3, Mrs. Bates, Indiana street, Thursday, 9 a. m.

Div. 13, Mrs. Fry, Prospect street, Thursday, 9 a. m.

Div. 34, Mrs. Jenkins, 214 N. Fifth street, Thursday, 9 a. m.

Div. 44, Mrs. Newkirk, 555 Maple avenue, Thursday, 9 a. m.

Div. 45, Mrs. W. S. Berry, 31 East Channel street, Thursday, 9 a. m.

Suburbans, Thursday, 7:30 p. m.

Topic for this week: Woes of drunkenness, Isaiah 5, 11 to 24.

The neighbors and friends are assured of a welcome to the meetings. They are for all, and quite undenominational.

Topic for next week: "Hallelujah Chorus," Psalm 150.

ROBT. NORTHEY, Chairman.

**PUBLIC SCHOOLS  
TO RECOGNIZE FIRE  
PREVENTION DAY**

Fire Prevention day, Thursday, is to be recognized throughout the public schools of Newark, according to instructions which have been issued to all principals by School Superintendent Hawkins.

In each school room, at least a half hour will be devoted to talks, fire drills, and instruction to children to aid in this nation-wide movement to curtail fire losses. Students will be instructed to examine chimneys in their homes, and to assist in removing obstacles that go to make possible dangerous conflagrations.
